Vapco Products, Inc. confirms that Arctic Protection HT propylene glycol (APHT-1, APHT-5, APHT-55, APHT-275) is registered with NSF International under the Nonfood Compounds Registration Program, Category Code HT1.

Registered Product	NSF Registration No.	Category
Arctic Protection 95%	167619	HT1
Arctic Protection 25%	167618	HT1

NSF Company No.: C0390829

HT1 registration means the product is acceptable for use as a heat transfer fluid where there is possibility of incidental food contact. The product label has been reviewed by NSF, and the product is manufactured to the registered formulation.

Manufactured with ingredients classified as Generally Recognized as Safe (GRAS) by the FDA.

The NSF Nonfood Compounds Registration Program is the continuation of the former USDA product approval program and reviews formulations, ingredients and labeling against FDA 21 CFR requirements.

Registration status may be verified at any time at nsfwhitebook.org. Copies of the NSF Certificates of Registration are enclosed.

Sincerely,

Elliot Garner
